APPROVAL	OF STATE ENGINEER	
This is to certify that I have examined the foreg	going application, and do hereby grant the same, subject to the	
rights on the source. It is under $\epsilon$	it is issued subject to all existing erstood that the amount of water herein wance and that the final water right	
obtained under this permit will h	pe dependent upon the amount of water	
actually placed to beneficial use	e. It is also understood that this	
right must allow for a reasonable	e lowering of the static water level	
at permittee's well due to other	ground water development in the	
area. A substantial weir or othe	er type of measuring device must be	
installed and measurements of wate	er use kept. The well shall be equipped	
with a 2-inch opening for measuri	ng depth to water. If well is flowing,	
a valve must be installed and mai	ntained to prevent waste. The State	
	use of the water herein granted at	
•		
	ed to the amount which can be applied to beneficial use, and	
	cubic feet per second.
